BRING THE OLYMPIC DREAM TO DARFUR

## Symbolic Olympic Torch Relay

Be a part of this nation-wide event that will travel through more than 20 U.S. states to raise awareness about the atrocities in Darfur and urge China to lead the world in bringing an end to the ongoing violence and humanitarian crisis in Darfur.

So far, no country has done nearly enough to stop genocide in Darfur. China, however, is in a unique position which enables them to have the biggest impact on the peace process in the Darfur region of Sudan. China is Sudan's chief diplomatic sponsor, main weapons provider, and largest foreign investor and trade partner. This puts Beijing in a position to pressure Sudan to halt the devastating violence that plagues the Darfur region.

As we approach the 2008 Olympics hosted by China, an event that stands for worldwide peace and brotherhood, help us convince China to demand immediate changes in Darfur.

The theme China has chosen for the 2008 Olympics is "One World, One Dream." Come show your support and say that those words must be more than words, and it will take strong action to make them a reality.

Our Hartford event will feature speakers who are genocide survivors, elected officials, and human rights advocates followed by a symbolic passing of the Olympic Torch and live music.
